Determination of Patent Term Adjustment under 35 U.S.C. 154 (b)
(application filed on or after May 29, 2000)

The patent term adjustment to date is 6 days. If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the term adjustment will be 6 days.

If a continued prosecution application (CPA) was filed in the above-identified application, the filing date that determines patent term adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system. (<http://pair.uspto.gov>)

Any questions regarding the patent term extension or adjustment determination should be directed to the Office of Patent Legal Administration at (703)305-1383.

Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

EXAMINER'S COMMENT

Figure 1 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

An informal examiner's amendment was made to the application in order to correct minor grammatical errors. The changes are indicated below:

- I. In line 1 of the abstract, the second letter "d" in "Disclosed" was deleted to correct the spelling of the word and "is" was inserted after newly revised "Disclosed" in order to correct the grammar.
- II. In claim 1, line 17, "to" was inserted between "due" and "an" to correct the grammar.
- III. In claim 5, line 19, "to" was inserted between "due" and "an" to correct the grammar.

Allowed Claims: 1-8

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: none of the prior art either alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103.

Art Unit: 2873

Specifically, with respect to independent claim 1, none of the prior art alone or in combination disclose or teach of an image module comprising a sensor, substrate, and filter as claimed, which specifically further comprises an elastic means for supplying a current to a driving coil of a lens blade and supporting the lens blade and a magnet for shifting the lens blade up and down due to an electromagnetic force.

Specifically, with respect to independent claim 5, none of the prior art alone or in combination disclose or teach of an image module comprising an image packaging unit as claimed, which specifically further comprises an elastic means for supplying a current to a driving coil of a lens blade and supporting the lens blade and a magnet for shifting the lens blade up and down due to an electromagnetic force.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

CITATION OF RELEVANT PRIOR ART

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Webster (U.S. 6,483,101 B1) is being cited herein to show an image module comprising many of claimed limitations but does not specifically disclose the limitations of the lens blade as claimed. Takishima et al (U.S. 5,321,678) is being cited herein to show a driving mechanism similar to that of the claimed invention, but does not specifically disclose the other limitations of that of the claimed invention.
